Live & Simulcast Coin Auction Consignor Information

Join us for a live auction event, Saturday October 7th, at the Tidewater Coin Club **2023 Virginia Beach Coin Show**.

Details: You can consign your coins, currency, and bullion and participate as a seller at the auction. The auction event will be live-streamed online worldwide, in addition to live in-person bidding – all to earn you the highest price possible for your consigned coins. The auction is scheduled for 4-7pm with the preview period from 10-noon.

Process: If you'd like to participate, please follow these instructions:

- 1) Send an email to coins@BlueBoxAuction.com with a list of the items you'd like to sell at the auction.
- 2) Our team will review the submission and reply to you within 5 business days.
- 3) If accepted, we will email the contract for your review.
- 4) Once signed, we will provide further instructions to submit your approved coins, bullion, or currency.

Submissions: Not all submissions will be able to make it into the auction. Space is limited so please submit early. Priority will be given to Tidewater Coin Club show dealers and members first, with preference to higher value, earliest submissions, and professionally graded coins. If any item is not accepted for this event, will have the option to sell it at another upcoming auction event.

Deadline: Items for consignment submission must be dropped off on/before Friday, September 1st, 5pm EST.

Reserve: A reserve is the minimum accepted price on any one selling lot (item). A reserve will be considered for any item selling higher than \$1,000. This will be discussed on a case-by-case basis in advance.

Fees: Any item accepted for auction will incur a commission fee per the schedule below, based off the final selling price:

Hammer Price	Commission Fee
Up to \$500	21%
\$500 - \$2,500	16%
\$2,500 - \$7,500	11%
